Portfolio: <https://myportfolio-pi-ruby.vercel.app>

OBJECTIVE

A highly motivated and detail-oriented IT graduate seeking an entry-level opportunity in software development, web development, or systems design. Equipped with hands-on project experience in full-stack web applications and desktop software, with a strong foundation in PHP, JavaScript, and modern frameworks. Eager to contribute technical skills, a passion for problem-solving, and a commitment to continuous learning to a dynamic and innovative organization.

EDUCATIONAL BACKGROUND

College: Bachelor of Science in Information Technology | AMA Computer College 123 General Malvar St., Poblacion District, Davao City, Davao del Sur 8000

High School: Panabo National High School (ALS) | (2017-2018)
New Site, Barangay Gredu, Panabo City, Davao del Norte 8105

Primary: Mangulibas Elementary School | (2009-2014)
Purok 1, Barangay Katipunan, Kapalong, Davao Del Norte 8113

TECHNICAL SKILLS

Languages: PHP, JavaScript, TypeScript, C++, SQL, HTML, CSS

Frameworks: React, Laravel, Electron.js

Databases: MySQL

Tools: Git, GitHub, Github Copilot, Cursor VS Code, XAMPP

Other: UI/UX Design, Responsive Web Design, System Documentation, Troubleshooting

PROJECTS

[AMA Computer College OJT/Practicum Management System](#) | Web-Based (PHP, MySQL)

- Full-stack web application supporting four user roles: Admin, OJT Coordinator, Student, and Industry Partner
- Built authentication system with role-based access control, CSRF protection, and password hashing
- Developed modules for document management, Daily Time Record (DTR), weekly reports, MOA/MOU tracking, and evaluation
- Integrated PHPMailer for automated email notifications (enrollment, credentials, deployment, and password reset)
- Implemented a responsive UI with mobile bottom navigation for students and desktop sidebar for staff
- Deployed on InfinityFree hosting; version-controlled via Git/GitHub

[Online Management System — Southdev Home Depot](#) | Web-Based E-Commerce Platform (Capstone)

- Developed an e-commerce platform for a home finishing and tiles retail business
- Implemented four user roles: Customer, Staff Admin, Super Admin (Owner), and Inventory In-Charge
- Features include product catalog management, order processing, and inventory tracking

[GCash POS — Transaction Record System](#) | Electron.js Desktop Application

- Built an offline/online capable desktop POS app for recording GCash Cash In and Cash Out transactions
- Features include dashboard analytics, daily/monthly/yearly reports, CSV export, and SMTP

- email reporting
- Used local SQLite storage with transaction sync support; implemented user authentication and password hashing
- Designed complete UI with sidebar navigation, notification system, profile management, and compact mode

CERTIFICATION AND ACHIEVEMENT

- Full Stack Developer Certification — freeCodeCamp (1,800 hours of coursework) | May 22, 2026
- Programming Essentials in C++ (CPA) — Cisco Networking Academy | January 26, 2023
- Advanced Programming in C++ (CPP) — Cisco Networking Academy | August 17, 2023
- Digital Awareness — AMA Computer University via Cisco Networking Academy | August 02, 2025

CORE STRENGTHS

Self-Driven Learner • Attention to Detail • Problem Solver • Team Collaborator • Adaptable • Reliable
